

## Fajr Qunoot English Translation

O Allah! All praise to You, we seek Your help and forgiveness and praise You for all that is good. We thank You with humility and submission and separate ourselves from those who are ungrateful towards You. We worship You, and we bow our heads in prostration before You. We always try to come closer to You and hasten towards You. We ask for Your mercy and fear the retribution which will befall the disbelievers.

O Allah! Unleash Your retribution on the disbelievers, hypocrites, ungrateful and the polytheists, and those who deny Your Awliya of Ahle Bayt.

O Allah! Forgive me, my parents and all believers, men and women, reconcile those amongst them who have become estranged, and keep them united. Make Imaan and wisdom firm in their hearts and keep them steadfast upon the way of Rasulullah SAW; and give them victory over their enemies.

O Allah! Place me among those you have guided, and taken care of, give me barakat in the blessings You have bestowed on me, and place me among those to whom You have given good health. Protect me from the evil written in my fate. You are the One who decrees, no one has command over You. The one whom You love shall never suffer humiliation and the one whom You dislike/abhor shall not attain honor. You are a blessed Lord, You are exalted. There is no other God but You. I seek forgiveness for my sins and repent towards You, I ask for good in this world and in the hereafter, and I ask You to protect me from hellfire.
